

Intro:

D

Verse:

D

Come one baby won't you pick up the phone
Cause I'm here on my own in my private twilight zone
I can't recall when I last had a laugh
My friends are all talking behind my back
They all worry about me, when they go out without me
Cause I'm kinda stuck in a broken hearted state
I don't wanna think that it's too late
For you and I to make things right

Pre-Chorus:

It's a beautiful morning
The sun is shining down on me and you
Wherever you are now
Won't you listen while I'm asking you to

Chorus:

Hold on, I'll sing you a little love song
I'll promise to make it short and sweet
Do you like it, would you listen while I
Keep on, singing a little love song
I'll hope it will make you stay with me
Do you like it, would you listen to me now

Verse:

I've I could get it on the radio, Make it a hit on the air
So you would hear it everywhere
And you would think that it's pretty good
Till your friends told you and you understood
But it's me and I'm hoping, For a new beginning
Cause I never saw that sign that says 'The End'
And it will make you wanna see me again
Oh excuse me, I just fantasized

Pre-Chorus:

If you happen to hear it
Won't you listen while I'm asking you to
